## SARGENT PEX TOOLS FOR COPPER CRIMP RING

- 20% lighter than most PEX crimp tools to help you stay on the job longer with less fatigue without sacrificing tool strength • Crimps conform to ASTM F1807 specifications
- This lightweight design utilizes the Soft-Touch crimp technology which eliminates the unsightly appearance of tool marks and distortion of crimped rings
- Soft comfort grips increase crimping power and lessen chance of slippage. Composite handles combine the strength of glass-filled polycarbonate with the chemical resistance of polyester; these tools hold up to plumbers' punishment. Critical wear points are hardened steel for durability and dependability • Includes Go/No-Go gauge for checking crimps
